

Press Release

March 11 2010

Beginning of Joint Sales/Service with GILDEMEISTER AG (Germany) in USA and India

Mori Seiki Co., Ltd. (hereinafter "Mori Seiki") and GILDEMEIESTER AG (Germany, hereinafter "DMG") begin joint sales/service in USA and India from 1st of April, 2010.

In these areas, USA is headquartered in Chicago, and India is headquartered in Bangalore, the combined company in each area will take responsibility for sales and service activities, regardless of whether the product is from Mori Seiki or DMG. Requests from customers related to existing machines in the field will also be the responsibility of the combined company.

As a part of the business collaboration since March 2009, sales/service has been unified in nine countries (Thailand, Indonesia, Taiwan, Turkey, Japan, South Korea, Australia, United States, and India) beginning from July 2009. The goal is the fusion of technical superiority, a strong sales network, an immediate service structure; thus contributing to the benefit of our customer's production activity.

Together, both companies will keep striving to expand and strengthen their business activities in the machine tool market.
