### Expand factory in Iga campus

We are pleased to announce that we have start construction of new assembly plant in Iga campus, our main production site in Mie prefecture, to assemble machine tool and machine unit.

In addition to new machining plant that is under construction (operation due to start in February 2012, architectural area 13,000 m<sup>2</sup>), we strive to improve productivity of 20% that is stated in our mid-term management plan "GQ-C-SI 123" starting this year, by re-examining the process such as unit-assembly, component processing and machine assembly.

#### General description of new assembly plant

- 1 . Address : Iga campus, 201 Midai, Iga city, Mie, Japan
- 2 . Architectural area : 13,000 m<sup>2</sup>
- 3 . Operation due : May 2012
- 4 . Investment amount : 3 billion yen
