July 9, 2019

Grand Opening of Iga Global Parts Center

DMG MORI CO., LTD. (hereinafter called "DMG MORI") has relocated the Global Parts Center to the Iga Campus and held an opening ceremony on July 9 (Wed), where President Dr. Masahiko Mori gave his greetings and cut the ribbon with invited guests. Following the ceremony, the company offered a private viewing of the new global parts center for the guests.

The Global Parts Center had previously been located at the Nara Campus. The new global parts center at the Iga Campus features cutting-edge, high-rise automatic rack warehouses linked with ERP. The picking optimization algorithm of the WMS (Warehouse Management System) ensures efficient warehouse operations.

The storage capacity of the Iga Global Parts center is up 50% compared with the previous parts center. DMG MORI will further improve the shipping rate within 24 hours of request for the customer across the world. (Shipping rate: 95% as of March 2019)
